Velanjeri, Tiruttani, Tamil Nadu 631209 | 9384327906 | vishali2055@gmail.com

Professional Summary

Experienced Associate Research Executive with 2.5 years of expertise in conducting in-depth research and analysis. Currently expanding skill set with Python and .NET Full Stack courses. Eager to leverage both research and programming knowledge to develop innovative and impactful solutions.

Technical Skills

Programming Languages: Python, C#, Asp.net, MVC

Web Designing: HTML, CSS, JavaScript, DOM, Angular

Database: MSSQL

Tools: Excel, Git & GitHub,

Projects

Project 1: My Portfolio

Description: I created a personal portfolio using HTML, CSS, and JavaScript, highlighting my skills and projects. The design is responsive, ensuring a smooth user experience across devices

Project 2: Hotel Billing System using C# Windows Forms

Description: I developed a hotel billing system using C# Windows Forms, designed to streamline billing operations. The application features a user-friendly interface for managing reservations, calculating bills, and generating receipts.

Project 3: Sign-In and Sign-Up Form Using ASP.NET

Description: I developed Sign-In and Sign-Up form in ASP.NET integrates with a database to securely handle user authentication and registration. The form captures user credentials, stores them in the database during sign-up, and verifies credentials during sign-in for access control.

Project 4: Student Management System using Python

Description: A Student Management System is a Python application that manages student data, allowing users to add, update, view, and delete student records.
